VETERINARY CLINICAL WORK EVALUATION

Student Name: _____

Student ID#: _____

Dear Veterinary Practice,

In order for an applicant to be eligible for acceptance into Mahanakorn University of Technology's Doctor of Veterinary Medicine (D.V.M.) program, they must complete a minimum of 90 hours veterinary work experience. The person who completes this form is verifying that the applicant has worked under their supervision or that of their senior nursing staff for a minimum of 45 consecutive hours (6 x 8 hour/days) of the 90 hours requirement. For potential D.V.M. students, work placements such as this one are a great opportunity for them to get a feel for what it is like to work in a vet clinic or a research institute, get real work-based expertise and meet experienced people who work in the field.

Thank you for sharing your time and knowledge with the applicant above.

Sincerely,

T. Chaikhun-Marcou

Thuchadaporn Chaikhun-Marcou
Assistant Dean for International Academic Relations
Cc: Assoc. Prof. Dr. Jatuporn Kajaysri (Dean)
