# Invitation

The inaugural conference on Sustainable Animal Agriculture for Developing Countries (*SAADC 2007*) was held in 2007 in Kunming, China. The second SAADC (*SAADC 2009*) was successfully held in 2009 in Kuala Lumpur, Malaysia. We are pleased to announce that the third conference, SAADC 2011, will be held at Suranaree University of Technology (SUT), Nakhon Ratchasima, Thailand, a science and technology-oriented university.

*The SAADC 2011* aims to provide an opportunity for animal agriculturists (academicians, researchers, administrators and livestock producers), particularly from developing countries, to share and discuss research issues relating to sustainable animal production industries. We also welcome our colleagues from the developed countries to contribute to the above objective.

**The theme of SAADC 2011 is “Strategies and challenges for sustainable animal agriculture-crop systems”.**

I look forward to seeing you at *SAADC 2011*.

Yours sincerely,

Pongchan Na-Lampang  
Conference Chairperson
